MR. WATKINS PROTESTS.

Grand Rapids Refuses to Play on a False Contention.

Special to the Indianapolis Journal. GRAND RAPIDS, Mich., May 11.-This afternoon, when the Grand Rapids and Indianapolis ball teams went to Recreation Park, Captain Carroll refused to play on account of bad grounds. It rained in the morning, but had cleared up before 9 o'clock. Manager Watkins pronounced the grounds in good condition and wanted to begin the game. There were three hundred persons in the grand stand waiting for the players to start, but Carroll would not consent. Mr. Watkins gave notice that he would claim the game, and so wired President Johnson.

The unfortunate affair of yesterday has caused considerable excitement here, and President Johnson has suspended third baseman Callopy indefinitely, or until his case can be investigated. Callopy was suspended for hitting umpire O'Brien with a stone. Although he says he did not intend to hit him the affair has taken a serious aspect. Manager Ellis left for Cincinnati to-night for an interview with President Manager Watkins took his men to a bat factory this afternoon and had a bat turned for each player.

The true reason for Captain Carroll's refusal to play the game seems to be his crippled team. At best the club is not a winner and such is not claimed for it. The Grand Rapids correspondent of Sporting Life has this to say about the club:

club here in Grand Rapids and that is that a team of pennant winners is representing this town in the Western League. Baseball fans must not get that idea too firmly imbedded in their minds, because if such an idea receives root and thrives, defeats of the team will be a bad dose of medicine. Grand Rapids has not a pennant winning team and Deacon Ellis never made such

The same article goes on to say that the managers of the club are in the business for money and money only. This is shown by the fact that the team has only one catcher that is worthy of the name. He was injured last week and was unable to play yesterday. On top of that came the suspension of Callopy yesterday, which left the club with no catcher or third baseman. All this is on account of the avowed purpose to run the club for cash only. Catchers are too expensive to have one in reserve so the management seems to think. To play yesterday was to lose and Captain Carroll struck upon the flimsy excuse of wet grounds and refused to play. It is true that, according to the rules, the captain of the home club is the sole judge of the condition of the grounds, but private dispatches from Grand Rapids say Manager Watkins has the testimony of many witnesses to prove the grounds were in good condition.

Forty Runs Off Thirty-Eight Hits. MINNEAPOLIS, May 11 .- "Fans" who like to see plenty of hitting and many runs reveled in their desires to-day, for the game was a slugging match from the second inning to the finish. One peculiar feature, due to the small grounds, was the fact Many of the latter were "homers." The total number of runs was 40; hits, 38. Of these, the home team secured 25 hits and 21 runs, and Milwaukee 13 hits and 19 runs

Fifth Inning. PRINCETON, N. J., May 11 .- Three thousand spectators saw Princeton defeat Harvard in the opening game of the intercollegiate series here to-day by the score of 7 to 2. Princeton clearly excelled at bat, while honors in the field were evenly divided. Trenchard caught a steady game until the fifth inning, when he injured his hand and Williams was substituted. For Princeton, Payne, Ward and Trenchard did the best work, while the playing of Scan-nell. Whittemore and Rand was commendable. Rand opened the game by flying out to Brooks. Whittemore took his base on balls, stole second, went to third on Hayes's sacrifice, but was left there, Scan-nell flying out to Gaston. For Princeton, Payne took his base on balls, stole second, reached third on Scannell's error and scored on Stevenson's wild throw. Both teams went out in order in the second, third and fourth innings. In the fifth Wilson led off with a single, Gunster was hit by a pitched ball; Brooks singled, bringing in two runs, but was caught at second; Easton, Payne and Ward made base hits and scored on and Ward made base hits and scored on Trenchard's three-bagger; Bradley flew out; Otto singled, but was left on second, Wilson striking out. This ended the "Tigers" run getting. In the eighth, a base hit and errors by Williams and Ward gave Rand Harvard's first run. Burgess singled in the ninth, took second on a wild pitch and scored on Stevenson's hit. Highlands struck

William A. Brady on the Corbett-Fitzsimmons-Jackson Rumpus.

NEW YORK, May 11.-Concerning the reports that William A. Brady, the manager of James J. Corbett, is to become the head center of the Sea Beach Athletic Club, an organization designed to occupy the Sea Beach Palace Depot at West Brighton, Coney island, recently occupied by the Atlantic Athletic Club, Mr. Brady last night said: "You can say that I have secured the refusal of the lease of the Sea Beach Palace and final arrangements will be completed at once. You can also say that Mr. Richard Newton and the other gentlemen connected with the Atlantic Athletic Club will have nothing to do with the new organization. Also I will not attempt to bring off a fight between Corbett and Fitzsimmon or heavyweights of the first rank." When Brady was asked if he had anything to say regarding the proposed Jackson match, he remarked: "There is a misapprehension regarding my action, which was taken without Corbett's knowledge. I have no desire to avoid a match with Fitzsimmons. In fact I thought he would be easier than Jackson. If the National Sporting Club will offer as much money for 'Fitz' as for Jackson, Corbett will fight the middleweight. As for fighting in America, that's out of good purse on Fitz's account. As for getting out of the match, we can't do it, for the reason that we have \$10,000 up and don't propose to forfeit it. If Corbett fights in London it will be but twenty-five rounds, not for the championship, and the champion has as much right to do this as Fitz has to meet people in limited bouts, as he is doing every night. Besides it does not follow that purse will be offered for Jackson. I simply sent the cablegram as a 'feeler' and Fitz need not worry.

INAUGURAL HANDICAP

PRIZE OF THE ST. LOUIS SPRING MEETING WON BY LIBERTINE.

More Arrests at Hawthorne-Chicago Board of Trade May Be Raided-New York Racing Season Opened.

ST. LOUIS, May 11 .- The opening-of the St. Louis Fair Association spring meeting was attended by 12,000 people, who braved the elements and shivered in the cold winds that chilled the blood despite spring overcoats. The track was dusty and from the half to the three-quarter poles, each race was a typhoon in which the hindermost horses were completely enveloped and lost to view. The event of the day was the inaugural, a handicap sweepstakes for three-year-olds and upwards, the winner pulling down something over \$5,000. The distance was one mile. Dr. Hasbrouck was the favorite among the knowing ones until his name was scratched, together with that of John Cooper and David. Chris Smith's entry, Yo Tambien and Urania, quoted at 9 to 5, was much liked. Urania was to have set the pace and Yo Tambien was to have done the winning. Libertine was well liked and sold at 3 to 1, but for some unaccountable, reason O'Connell carried the most money at the same figures. O'Connell, with J. McDonald up, was left riderless at the half mile post, the bridle having broken and the jockey fell to the ground. The horse came in gamely second to last, with his gearing and caparison dangling between his legs. Lo Tambien had a poor start and did not get in the bunch until reaching the head of the stretch. Libertine got away well and set the pace for the field, defying any of them to overtake him and finished easy, with the Kendal stables close up, first and second. Twenty-two books were opened. Summaries: First Race-Five furlongs. Magnet, 10 to 1, won; Lizzetta, 9 to 5, second; Roy, 20 to 1, third. Time, 1:01%. Second-Five furlongs. Beau Ideal, 7 to 10,

won; Virgie Dixon, 6 to 1, second; Ida H., 6 to 1, third. Time, 1:03.

Third—Inaugural handicap, one mile.
Libertine, 112, (Macklin), 3 to 1, won; Urania,

CORRIGAN MAY RETALIATE.

Board of Trade May Be Raided and

Speculators Arrested. CHICAGO, May 11 .- The Civic Federation made another descent on Hawthorne to-day, but the invading army of deputies was small and the net result in prisoners was meager. The only object of the raid was to prevent the selling of pools, there being no attempt to interfere with the racing proper. The bookmakers, warned by their experience of yesterday, hoisted no blackboards to-day and made no effort to induce the public to bet on the good things. Only four arrests were made. They were of men who had been selling pools on the quiet, "making private bets," they called it. Judge Ewing, however, declined to entertain the same opinion of the innocence of their work, and all four were bound over to appear in the court at the time the Tuesday. This was the last day of Hawhorne's turn at the public, and Monday Harlem will open up for its share of sport

Edward Corrigan is roused by the raid made on his track yesterday. He declares that the public morals are no more affected by bets on horses than by speculation in grain and President Baker, of the federation, has been president of the Board of Trade for some time and is popularly credited with having been on the sweet side went from 56 cents to 64 cents, and never turned a hair. This sort of thing, Mr. Corrigan declares, is, in his opinion, nefarious and not to be tolerated. The public morals. he thinks, would be greatly improved by the arrest of the directors of the Board of Trade as common gamblers. It is not ve determined to raid the board, but the Hawthorne people are carefully considering such a step and with Edward Corrigan, though this and action travel together. Results of

NEW YORK, May 11 .- About 3,000 people journeyed to Morris Park to-day at the opening races of the season in this State amply repaid for their journey, for excellent racing was seen. The new betting rules were somewhat of a puzzle, during the first race, but after that there was little trouble for the men who were known placed their money on the credit system and the betting ring was a thing of the past. Five went in the first race and, although Primus fell at the last hurdle, the jockey was quickly on his back again. Lafayette led in the last half mile and then had to be content with second place as Sayonaro came up at the end and won easily. In the second race Hiawassee led for two miles with Pat Oakey and Oakwood going well behind him until the water jump, when Oakwood got over nicely, but stumbled and threw his jockey, Rowan. In the last half mile Oakley came away and won easily. Nicholas hurdle handicap had good field, with St. John as the favorite, at to 2, and Judge Morrow second choice. The flag fell to a good start, and Judge Morrow at once took the lead. None of the others seemed able to hold him, with the exception of the outsider, Red Cloud. The two cleared the last hurdle abreast. Morrow, however, stumbled a bit, and finished second, by half a length, both horses being In the New York steeplechase handicap Iron Duke was heavily backed, closing at 9 to 5, with Rodman second choice and The Peer third. There was a good start, and Iron Duke took the lead at once. He was badly ridden by Pines, and fell at the first hurdle. Ecarte and Dwight fell in the first round. Lady Raymond and Rodman were well together up to the last half mile, when they were challenged by The Peer, and Rodman gave it up. The Peer could not pass the speedy mare, and she won by a short head in the hardest kind of a drive. Rodman was third, beaten off. First Race-Mile and one-haif; six hurdles. Croker's and Dwyer's Horses. LONDON, May 11.-In sporting circles there is much comment on the fact that all of Mr. Croker's two-year-olds, except Montauk, have been scratched, and not one of Mr. Dwyer's horses will race again until August. The announcement on Thursday last that Harry Reed and Stonenell were scratched for the Jubilee stakes caused much surprise. This was the first big race for which the American horses entered, and it is one in which they would have met the English cracks, including Avington, Ravensbury, Throstle, El Diablo and Priestholme. Mr. Richard Croker said yesterday at Newmarket: "We consider the American horses were not exactly fit for hard work. Understand me, they are in good condition, but we are obliged to admit that they are some-what weakened by the voyage and not yet acclimated. We want them to be fully up to their work, which at present they are not. Our horses will not start in any more races until Aug. 1, and then we intend to keep up our end thoroughly. We may be disappointed in the result, but we will at least have a good deal of fun."

The race for the Kempton Park great Jubilee stakes was the event of the day at Kempton Park. The result follows: Mr. W. r. Worton's chestnut colt Victor Wild, first; the Duke of Westminster's bay colt Grey Leg, second; Colonel North's bay horse El Diablo, third. Eighteen horses ran.

ATHLETIC CONTESTS.

California University's Team Scores More Points than Princeton's. Beautiful Novelty Black Crepons at PRINCETON, N. J., May 11.- 'Varsity Brocaded Black Mohairs, worth 50c a field has never looked to better advantage than it did to-day when the athletic team, picked from the crack men of the University of California, which reached here from the West a few days ago, defeated the Princetons by a score of 61 points to 51 The wearers of the California blue and gold were looked on as being very dangerous by all those who saw them in practice here. It was generally conceded that they would take first and second honors in the hurdle races, the high jump and the 440-yard run Bradley was looked upon to take the mileand-a-half run, but before the games began Manager North stated that Bradley had been called away to Philadelphia last night and was not in good condition to-day He also said Dozier was not in good shape either. On the other hand, the Princeton students claimed that Captain James could have selected a stronger team from those among the eligibles to compete, and said the orange and black had better men among the "Tigers" than some of those whose names were on the programme. About one thousand collegians and visitors, many of the latter being of the fairer sex were gathered on the stands when the first event on the card was announced. The weather was excellent, although the sun's rays were too warm for the runners, but a gentle breeze began to blow across the fields, which made the day a most delightful one. The running track and infield were pronounced by the contestants to be in splendid condition, but, as the result will show, not one of the men equaled his previous best record. As the visitors had only one man entered in some of the events, it was arranged to score 5 points for first place and 3 for second in each event. Sum-

ITHACA, N. Y., May 11.-The second annual championship games between Cornell University and the University of Pennsylvania were held to-day, before a large number of spectators. Pennsylvania outclassed Cornell, winning by a score of 95 to 31. Medals for the victors were of gold, silver and bronze. In points first counted five, second three and third one. Cornell only obtained two firsts—in the one-hundred-and-twenty-yard hurdle race and in the hammer throwing No Cure for Cancer.

So the doctor's say, and you must have it cut out, they tell you, and if you do survive the operation it will come back EVERY TIME. That terrible curse to humanity, which has baffled the skill of the abiest physicians of the old schools, has met with a conqueror in the person of Dr. M. E. Sellen, of Columbus, O., who has discovered a remedy that will positively cure cancers if taken in time, as the cases of John Ward, City Hall, Peter Baker, superintendent of markets, and hundreds of others will testify. Dr. Sellen will be at Grand Hotel, city of Indianapolis, on Tuesday and Wednesday, May 14 and 15, two days only, where she can be consulted and will treat cancers. Patients can be treated and boarded at the Doctor's home, in Columbus, O., at 75 East Main street. So the doctors say, and you must have it
